Developing national action plans on transport, health and environment:
A step-by-step manual for policy-makers and planners
Scope and purpose of NTHEAPs

- A main (sub-)national implementation mechanism of the Paris Declaration for all five priority goals

- NTHEAPs ...
  - are the practical implementation of previously established policies on sustainable and healthy transport
  - address transport-related health and environmental impacts
  - build on existing plans and programmes
  - set specific targets and timetables for implementation
  - are country-specific

Proposed next steps

- Update THE PEP Clearing House and Toolbox, to be used as main repositories for tools
- Disseminate the Manual through formal WHO and UNECE channels
- Support countries in operationalizing the Manual through THE PEP Academy
- Translate to Russian
- Consider a revision through THE PEP Academy in time for 5HLM
The Committee may wish to

• Share experiences in using the Manual
• Express interest in applying the Manual nationally and describe required support
• Consider the Manual for use and further maintenance of it within the framework of THE PEP Academy
