

# **Key messages from THE PEP 2012 Symposium**

## **Green and health- friendly mobility for sustainable urban life**

- **RIO +20 and SDGs**
- **Noise emissions: proximal cause**
- **Air pollution: proximal cause as well!**
- **LRTAP Convention: includes PM and soot from 2010**
- **Eco-Driving: A community of eco driving, driving schools, fleets**
- **Active mobility: joined up approach, sustainable urban mobility plans include health**
- **FIATA: Incentives are contagious, but need water tight emission calculations**
- **Future PEP: continued importance of integrated policy approach**
