

## Updated: A pocket guidebook to working in partnership with the European Union

Documentation: Informal Document no 6

## Update

- **As requested by the committee, the secretariat has updated the guidebook to**
  - reflect the most recent developments that have taken place in the field, including a forward-looking note on the development of the new programmes
  - improve its user-friendliness by introducing an additional orientation table (or more) to facilitate the retrieval of documents
  - focus on the instruments that would be of greatest relevance for the scope of THE PEP (i.e. sustainable transport)

## Electronic overview table

### THE PEP and the EU funding instruments at a glance

The following table provides a synthetic overview of existing instruments, which are further discussed in the following sections.

Funding line	Area of relevance	Who can apply	Funding mechanism	Who can help?	Beneficiary Countries
