THE PEP PARTNERSHIP ON ECODRIVING

Objective

Promote EcoDriving with commonly agreed guidelines and tools as well as practical trainings and workshops in UNECE/WHO member states

Scope and Purpose

- Disseminate knowledge and best practice
- Exchange experience
- Test EcoDriving at national and international conferences
- Support technical twinning programmes between partners
- Develop guidelines on EcoDriving with recommendations for national EcoDriving initiatives in member states

PARTNERS AND COOPERATION

Partners

- Austria – cooperation coordinator of the partnership
- Czech Republic – expert participation at the THE PEP conference in Vienna 2016
- Kazakhstan – implementation of pilot trainings and a workshop
- Russian Federation – implementation of pilot trainings and a workshop
- Switzerland – bilateral meeting
- Greece – expert participation and presentation on EcoDriving at the THE PEP conference in Vienna 2016
- The Netherlands – expert participation and presentation on EcoDriving at the THE PEP conference in Vienna 2016

Further countries interested in the partnership

- Bosnia and Herzegovina
- Belarus
- China
- Germany

GUIDELINES FOR ECODRIVING

New: First draft version of the Guidelines with a focus on

- lessons learned from the pilot trainings and workshops
- how to set-up up an EcoDriving programme
- EcoDriving with passenger cars
- EcoDriving with electric vehicles
- EcoDriving with trucks & buses
- integration of EcoDriving into driving education for learner drivers
- **Summary of recommendations for the setup of national EcoDriving programmes**
- **Executive Summary for policy makers for framework requirements and recommendations**

NEXT STEPS

- **Draft version** of the Guidelines to be sent to the partnership members
- **Workshop** to further discuss the content of the Guidelines with THE PEP member states in spring 2018 (scheduled location: Vienna)
- Finalisation of the Guidelines
- The “THE PEP Guidelines for EcoDriving” could be presented at the **THE PEP HLM in Vienna in 2019**
- **Further member states motivated to join the partnership are welcome and are asked to contact the partnership management!**

Also further pilot trainings on EcoDriving (car, buses, trucks) and national workshops can be organised for interested member states.
