

THE PEP PARTNERSHIP ON ECODRIVING

Reinhard Jellinek
klimaaktiv mobil Programme Management EcoDriving Austria

13.07.2018

SCOPES AND CHALLENGES

- Initiated and led by the Austrian Ministry for Sustainability and Tourism, launched 2015
- EcoDriving: modern and efficient driving style, feasible for all drivers, all vehicles and all traffic conditions
- EcoDriving trainings: 10-25% reduction of fuel consumption proved
- Reduced costs, CO₂-emissions, exhaust gases; increased traffic safety
- Partnership: Strong focus on exchanging experiences for the promotion of EcoDriving

INTERNATIONAL TRAIN-THE-TRAINER SEMINARS

- Russia, Kazachstan
- Practical Trainings für driving instructors, truck/bus/taxi drivers

13.07.2018

bmnt.gv.at/ / klimaaktiv.at

INTERNATIONAL WORKSHOPS

- July 2018, Cologne: Ecodriving with Electric Vehicles („Range extension training“); Austria-Germany

THE PEP – GUIDELINES FOR ECODRIVING

THE PEP PARTNERSHIP ON ECODRIVING

Guidelines for EcoDriving programs
