4. Presentations from Task Force members
 - The WHO gave a brief summary of the WHO training that took place on 24 June 2020.
 - POLIS gave a presentation on the new paradigm for safe city streets.

The presentations from these two sessions will shortly be available on THE PEP website.

5. Developing the structure and contents of the Principles
 - Following an introductory presentation from the secretariat, the Task Force continued the discussion on the structure and contents of the Principles document, specifically the modifications suggested by Austria, Belarus, France, Netherlands and the Russian Federation. The Task Force agreed to the modifications and decided to combine some of the themes.
 - In addition to the contributors already identified in TF_4, Eurocities volunteered to contribute to Theme 1 on space re-design. Glasgow School of Art and the Municipality of Rome also offered to provide inputs to Theme 1. Oxford University offered to contribute on a general level. European Environment Agency will contribute to Themes 1 and 3.
