THE PEP Transport, Health and Environment Pan-European Programme

THE PEP - a platform for Building Back Better (BBB)

- increase resilience of transport systems to the possible shocks in the future
- more balanced and flexible distribution of transport modal shares
- integrate transport and land-use planning so that essential living needs are in close proximity

Green and Healthy Sustainable Transport Principles

- Set up key principles for Member States to adopt to address the Post-COVID-19 situation
- Shape the passenger transport sector for the future within the remit of THE PEP
- Not legally binding but commitments
- Focused on investment, growth and transport policy development that is green and sustainable
- ...and by area: Accessibility, Efficiency, Safety, Security and Environmental Impact
- Phase 1: Task Force to prepare the Principles for adoption at HLM
- Phase 2: Implementation and monitoring
