Draft programme of work for 2021–2022

Note by the Transport, Health and Environment Pan-European Programme secretariat

Summary

At its eleventh meeting (Geneva, 23 October 2009), the Bureau of the Transport, Health and Environment Pan-European Programme (THE PEP) Steering Committee requested the secretariat to prepare each year a detailed programme of work, showing work accomplished over the previous years and expected outputs for the forthcoming years.* A draft programme of work for 2021–2025 was included in the Vienna Declaration of the Fifth High Level Meeting of THE PEP (online, 17–18 May 2021). The Committee is invited to review the activities carried out in 2021 and to endorse those planned for 2022.

I. Introduction

1. The Fifth High-level Meeting on Transport, Health and Environment (Vienna, online, 17-18 May 2021) adopted the Vienna Declaration, including the workplan for the Transport, Health and Environment Pan-European Programme (THE PEP) for 2021-2025 (ECE/AC.21/2021/5-EUCHP2018924/4.3.5). The workplan is based on the priorities enshrined in the Declaration, which commit the United Nations Economic Commission for Europe (ECE) and the World Health Organization Regional Office for Europe (WHO/Europe) member States to the pursuit of integrated policies aimed at achieving safe, efficient and environment- and health-friendly transport.

2. THE PEP workplan,¹ which covers the period between the Fifth and the Sixth High-level Meetings, sets out the activities to be pursued in the lead-up to the Sixth High-level Meeting, planned to be in Moscow in 2025. The Committee is invited to review the work carried out in 2021, endorse the activities planned for 2022 and provide guidance for their implementation.

II. Statutory meetings 2020–2021
